VERDE FEST

FOUR CORNERS SUSTAINABILITY FAIR

How is your product sustainable?

Attendees need to understand how your business is sustainable. Explain or display materials showing how and why your product or service is of benefit to them and the environment (e.g., is it made locally saving transportation costs? Does it save energy compared with other products?) If possible demonstrate how your product/service works. When people approach your table, tell them something interesting about your product or service. Be proactive, sell people on your product/service and its sustainability!

The undersigned applicant accepts and agrees to this reservation of rights. Acceptance of this application constitutes a contract. As an exhibitor, I agree to the liability release and to abide by the terms of the contract.
